Statutory auditors' review report on the condensed interim financial statements

To the Chairman and Chief Executive Officer,

In our capacity as statutory auditors of Total Capital International and in accordance with your request, we have performed a review of the accompanying condensed interim financial statements of Total Capital International for the period from January 1 to March 31, 2020

Management is responsible for the preparation and presentation of these condensed interim financial statements, based on available evidence in an evolving context of health crisis related to Covid-19. As they are not intended to be presented to the shareholders, they have not been approved by the Board of Directors. Our role is to express a conclusion on these condensed interim financial statements based on our review.

We conducted our review in accordance with professional standards applicable in France and the professional guidance issued by the French Institute of Statutory Auditors (*Compagnie nationale des commissaires aux comptes*) relating to this engagement. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with professional standards applicable in France and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with the evaluation and accounting principles set out in the notes condensed interim financial statements.
